BOURBON WHISKEY

AMERICA'S NATIVE SPIRIT

FIVE THINGS YOU SHOULD KNOW ABOUT BOURBON

1. BOURBON IS ALL-AMERICAN.

In 1964, under President Lyndon Johnson's administration, Congress declared bourbon America's native spirit.

2. IT DOES NOT HAVE TO BE MADE IN KENTUCKY.

It can be made anywhere in the United States. However, 95% of all bourbon does come from the Bluegrass State. Therefore, it can't say "bourbon" on the label if it doesn't come from the United States. And it can't be "Kentucky Bourbon" unless it's distilled in Kentucky.

3. BY LAW, BOURBON MUST BE PRODUCED IN THE U.S.A.,

Made of a grain mix of at least 51% corn, aged in new, charred white oak barrels and distilled at less than 160 proof.

4. BY LAW, BOURBON MUST BE AGED FOR A MINIMUM OF TWO YEARS

In charred new American oak barrels to be called "straight bourbon".

5. MOST BOURBONS ARE MADE WITH 70% CORN CONTENT,

The rest of the grains in the mash bill being barley, wheat or rye. Rye provides a spicy note to bourbon where wheat provides a softer, sweeter note.

REMEMBER

All bourbon is whiskey but
not all whiskey is bourbon.
Irish Whiskey? Not bourbon.
Scotch Whiskey? Not bourbon.
Tennessee Whiskey? Not bourbon.
Canadian Whiskey? Not bourbon.
